

Glide Trap

INLINE SUCTION POLYP TRAP WITH QUICK CHANGE REPLACEABLE POT

MEDIKAL PRODUCTS' *Glide Trap* NEW INLINE SUCTION POLYP TRAP EMPLOYS A SIMPLE, FIT-FOR-PURPOSE DESIGN THAT FACILITATES FAST AND EFFECTIVE POLYP CAPTURE.

KEY FEATURES AND BENEFITS

CRYSTAL CLEAR MAGNIFIED VIEW OF THE ENTIRE CHAMBER

Innovative design allows a clear visualisation of the complete catchment area

REMOVABLE SPECIMEN POTS

Replaceable pots fit easily into a specimen jar with no fuss

QUICK AND EASY POT INTERCHANGE

Trap and replaceable pots have been designed with gloved hands in mind

RELIABLE CAPTURE OF SPECIMENS

Large smooth surface area of each pot ensures effective polyp capture with no loss of suction

SIMPLE AND FAST ATTACHMENT

Inline design of the trap allows for swift attachment and handling

FULLY ASSEMBLED AND READY TO USE

Each trap is individually wrapped with two replaceable pots, supplied in their own shelf-ready dispenser box

EXTRA POTS AVAILABLE SEPARATELY

Replaceable pots available for sale separately allow maximum efficiency for each procedure

SINGLE USE

Minimises the risk of cross contamination between patients

TRACKING STICKERS

Comes with individual patient tracking stickers
